Probe for Indisputable Proof Russians Say Adolf Hitler, Dr. Goebbels Committed Suicide In Ruins of Berlin

By ROMNEY WHEELER
LONDON, May 3.—(AP)—Adolf Hitler, who vowed to rule the world, committed suicide in the ruins of Berlin with Propaganda Minister Paul Joseph Goebbels and the chief of the German general staff, Gen. Hans Krebs, a Soviet communiqué said today.

The Russians declared the government was Dr. Hans Krebs, Goebbels' chief lieutenant, who was captured as Berlin fell. It was presumed Russian commanders on the scene would make vigorous inquiry to obtain indisputable proof.

Whether Hitler was a suicide or whether he was the victim of a brain hemorrhage, a possibility reported by Allied supreme headquarters in Paris, there was little doubt among Allied leaders that the Fuehrer indeed was dead and that he had met death in a manner which would thwart any die-hard Nazi attempt to build a Wagnerian legend about him.

A statement authorized by the supreme Allied command said a secret meeting eight days ago at Luebeck, Germany, between Gen. Sir Winston Churchill and Swedish Count Folke Bernadotte, reputed peace negotiator, at which Hitler was reported to have said "Hitler is so ill he might already be dead."

Himmler was quoted as saying Hitler at that time could no longer stand two days longer and a German general named Schirmer, who was present at the meeting, said Hitler had been stricken with a brain hemorrhage.

GIVE LIE TO NAZI STORY
These reports gave the lie to a Nazi propaganda campaign to convince the world that Hitler died at the head of his troops in a Berlin command post in the Reich chancellery, "fighting to the last against Bolshevism."

The remaining German radio stations at Hamburg, Goerlitz, Linz and Prague hammered at this theme yesterday. The Goerlitz station late last night read at dictation speed a propaganda story for publication in all Sudebanian papers today.

Gauleiters were told in the broadcast to see that the article was published, and also "to see to it that a certain report, on the other hand, would not go into the press." The radio did not explain the nature of the banned report, but said "it is expected by us that foreign broadcasting stations would take the opportunity of the heroic death of our Fuehrer to intensify the hate campaign. These stations do not realize what a world-wide statesman Adolf Hitler has been."

"AVENGE DEATH"
The propaganda report, which did not mention Goebbels or Krebs, said the Fuehrer had fought with his troops "until, with his last stroke of breath, he found a hero's death in Berlin." It exhorted the German people to rally to resistance, and added: "We shall avenge Hitler's death."

Captured Field Marshal Von Rundstedt, former German commander on the Western front, supported the idea that Hitler was a victim of his own diseased brain. Told of the German reports of the Fuehrer's death, he replied that Grand Admiral Karl Doenitz had been at the helm of battered Germany for some time. He said that the last time he had seen Hitler, the Fuehrer was "shaking like a leaf pale."

Allied forces have landed on the island of Tarakan, off the east coast of Borneo. American troops have crossed Mindanao island and are driving for Davao, the principal strategic center. Areas in black on today's map of the Philippines are held by the Americans. The capital of Luzon, Baguio, has been taken. The conquest of the Philippines is nearly complete. It has cost the U.S. army 35,000 casualties. The enemy has suffered a total of 345,000 casualties, which is a larger number of Japanese than at one time was supposed to have been holding the archipelago.

voice of the German high command and now a U.S. 8th Army captive, said he did not doubt the report of Hitler's death. He declared Hitler had "assumed a moral obligation" to remain in Berlin to the end. He doubted that another had died in Hitler's place and that the Fuehrer would carry on underground, because too many people would believe him to be dead in any event.

In Washington, President Truman said he had it on good authority that Hitler was dead, but did not know how the death occurred. The Soviet communiqué did not say where the reported suicide took place. Hitler had been reported in the depths of the Tiergarten fortifications in the heart of Berlin.

GOEBBELS FULFILLS PLEDGE
Goebbels who followed his Fuehrer doggedly from Munich on through the rain of Germany, fulfilled one of his own propaganda pledges if he took his own life. In his last speech he had said he would remain in Berlin to the end and would commit suicide rather than live in a Germany occupied by "Bolshevik terror."

Coldwell Balks At Parley Seat For Argentina

By C. R. BLAIR
SAN FRANCISCO, May 3.—(CP)—A small rift within the Canadian delegation to the United Nations security conference was disclosed Wednesday by one of the delegates, M. J. Coldwell, CCF leader, who said he had opposed the seating in a delegation from Argentina which Prime Minister Mackenzie King supported with his vote Tuesday.

Mr. Coldwell was seated among the correspondents at the regular press conference yesterday when the spokesman for Canada were I. B. Pearson, ambassador to the United States, and L. D. Wilgus, ambassador to the Soviet Union.

A reporter asked Mr. Coldwell if he could add anything to the discussion which was at that time off the record and deal in general with the Argentine and Polish questions.

Mr. Coldwell said he had opposed seating the Argentine delegation until they had complied with three conditions.

These were to "remove the police censorship of news, restore freedom in universities and schools and empty the concentration camps where democrats are incarcerated." He placed his remarks on the record as his views.

Canada was voted of 31 points voting Tuesday in plenary session to admit Argentina immediately. Three voted with Russia to delay admission and 11 delegations abstained.

Mr. Coldwell, seated in the Canadian section with others of the delegation, said that when it appeared there would be a vote on Argentina, he was asked to stand up and siting directly in front of him.

ful fighting did so much to bring about the great victory in Italy, the first chapter had been triumphantly achieved today."

No party or individual in India, Sir Pritt continued, wanted to remain under foreign control when "we shall achieve that freedom is a thing which depends on ourselves." The only thing delaying it was "misunderstanding among ourselves."

**Premier Hails
For Surrender
On Italo Front**

OTTAWA, May 3.—(CP)—The prime minister's office here yesterday released messages of congratulations which Prime Minister Mackenzie King sent to Field Marshal Alexander and Gen. Sir George the unconditional surrender of the German army in Italy.

To Field Marshal Alexander, Mr. King recalled "with satisfaction his role in the Italian theatre Canadian forces bore their due share." To Gen. Crerar he spoke of the work of the 1st Canadian Corps "whose courageous action and skill

that he opposed seating an Argentine delegation until the conditions he named had been approved.

Mr. King told he was sorry but that he felt the majority of his delegation wished to support Argentina as a neighbor nation with whom Canadians would have to live and that he would vote for her immediate admission.

I feel that we made a mistake Tuesday," Mr. Coldwell told the press conference yesterday. He said, under questioning, that there were totalitarian nations now represented in San Francisco, but they were different. They had been united with democratic powers in fighting Nazi-Fascist aggression.

Argentina had not been on outside," he added.

Lack of Targets Grounds RCAF Bomber Fleets

By FRED BACKHOUSE
LONDON, May 3.—(CP)—End of the bombing offensive in Europe has thrown thousands of veteran Canadian aviators out of work and put one of the crack heavy-bomber groups of this theatre in line for a new task—or possible dissolution.

For the first time since the RCAF group went into operation here more than two years ago, its giant Halifaxes and Lancasters were grounded not on account of bad weather but because of a lack of targets worthy of their punch. Tactical fighter-bombers are taking care of bomb-worthy objectives in Germany.

The future of the group's flinders and ground crews, plan that of tens of thousands of Canadians in the RCAF, thus shortly is expected to become an immediate question for the Allied air command to answer.

A scheme for the repatriation of these Canadians is already on paper. Its announcement, however, must doubtless depend on when V-E Day comes, and it also doubtless integrated with the reorganization of repatriation, reorganization and reassignment for all British and United States forces.

AIM POLICE FORCE
It has been reported that the air police force in Europe after the cessation of hostilities will be an international body, but the role to be played by Canadians is not likely to be a large one, and a major part of the force is expected to be made up of the lighter type of aircraft, fighters and fighter-bombers.

For security reasons it is not permitted to give the number of Canadian squadrons released by the present stand-down.

Whatever happens in these famous outposts—the Alsace, Moselle, Goese, Bion, Lion are a few of the provinces have decided to run Social Crediters as candidates.

Germans Cease Transfer Allied War Prisoners

OTTAWA, May 3.—(CP)—The external affairs department announced last night that German authorities have informed the protecting power (Switzerland) that all transfers of Allied prisoners of war in Germany have ceased.

The German government has requested the International Red Cross and the protecting power to send representatives to large camps where prisoners of war have been collected, the statement said.

When the camps are abandoned by the Germans in the face of Allied advances, camp commanders and administrative personnel will remain and under the supervision of the International Red Cross and protecting power representatives will hand over control to the Allied authorities upon their arrival.

Cut Food Rations Some U.S. Troops

LONDON, May 3.—(AP)—A 10 per cent cut in food rations for American troops engaged in "light duties" in the European theatre was ordered yesterday because of the most men attached to headquarters. Basic military rations were retained for those performing hard or moderately hard work.

Performance and will be talked of among strategists during the way in which air power helped win the Second Great War.

Figures just released tell the way in which this reputation was won by the Canadians between the group's inauguration, Jan. 3, 1945, and the end of the bombing offensive, April 30, 1945.

In 1943 the heaviest of the group dropped a bombload of 13,639 tons; the 1944 tonnage was 80,394; total for the first four months of this year was 25,432 tons. None of these figures include the great weight of mines laid.

At the left is Bob Scott, 39, who signed the letter to the RCAF. In the center is E. P. Pat McCurry, 39, who signed the letter to the RCAF. On the right is E. P. The letter was signed by 100 RCAF members who were in the RCAF at the time of the bombing of the RCAF base at CFB Trenton, Ontario, on April 30, 1945. Back from the Battles THESE MEN TELL WHY THEY BUY BONDS!

"I've been buying bonds right along..." BOB SCOTT says "...because I figure Victory Bonds are the best investment in the world. I took a \$200 bond last time, and I'm going to keep right on buying them and hanging on to them. I have buddies who are prisoners of war, hope my bonds will help bring them back. Bonds are security for my family, too. They also help look after those men who are in hospital. Best of all, they'll help give those Nazis and Japs the end they deserve."

E. P. PAT CIPPARONE: "I've got \$400 worth of Victory Bonds now, that I bought while in service overseas. They're a sound investment—in war and in peace. The boys overseas think of the future and they plan for it... both for themselves and for Canada. They're in there

fighting, offering their lives... and their money. They're offering EVERYTHING... those Canadians over there."

E. P. PAT MCCURRY: "Sure I'm buying bonds, and my gratuity is going into them, too. I'm buying them for the same reason I enlisted. I'm hanging on to them. Our station in England lost as many as eight bombers in one night... a loss of about \$2,000,000 in one operation! Thousands of these aircraft went down in a week. Losses were sometimes heavy. Yes, war costs a lot of money—and even when the shooting stops, it will still take a lot of money. The boys overseas know what war is all about, end not from headlines, either. THEY OVERSUBSCRIBE THEIR QUOTA EVERY VICTORY BOND ISSUE."

THEIR SURRENDER... doesn't mean it's "all over!"

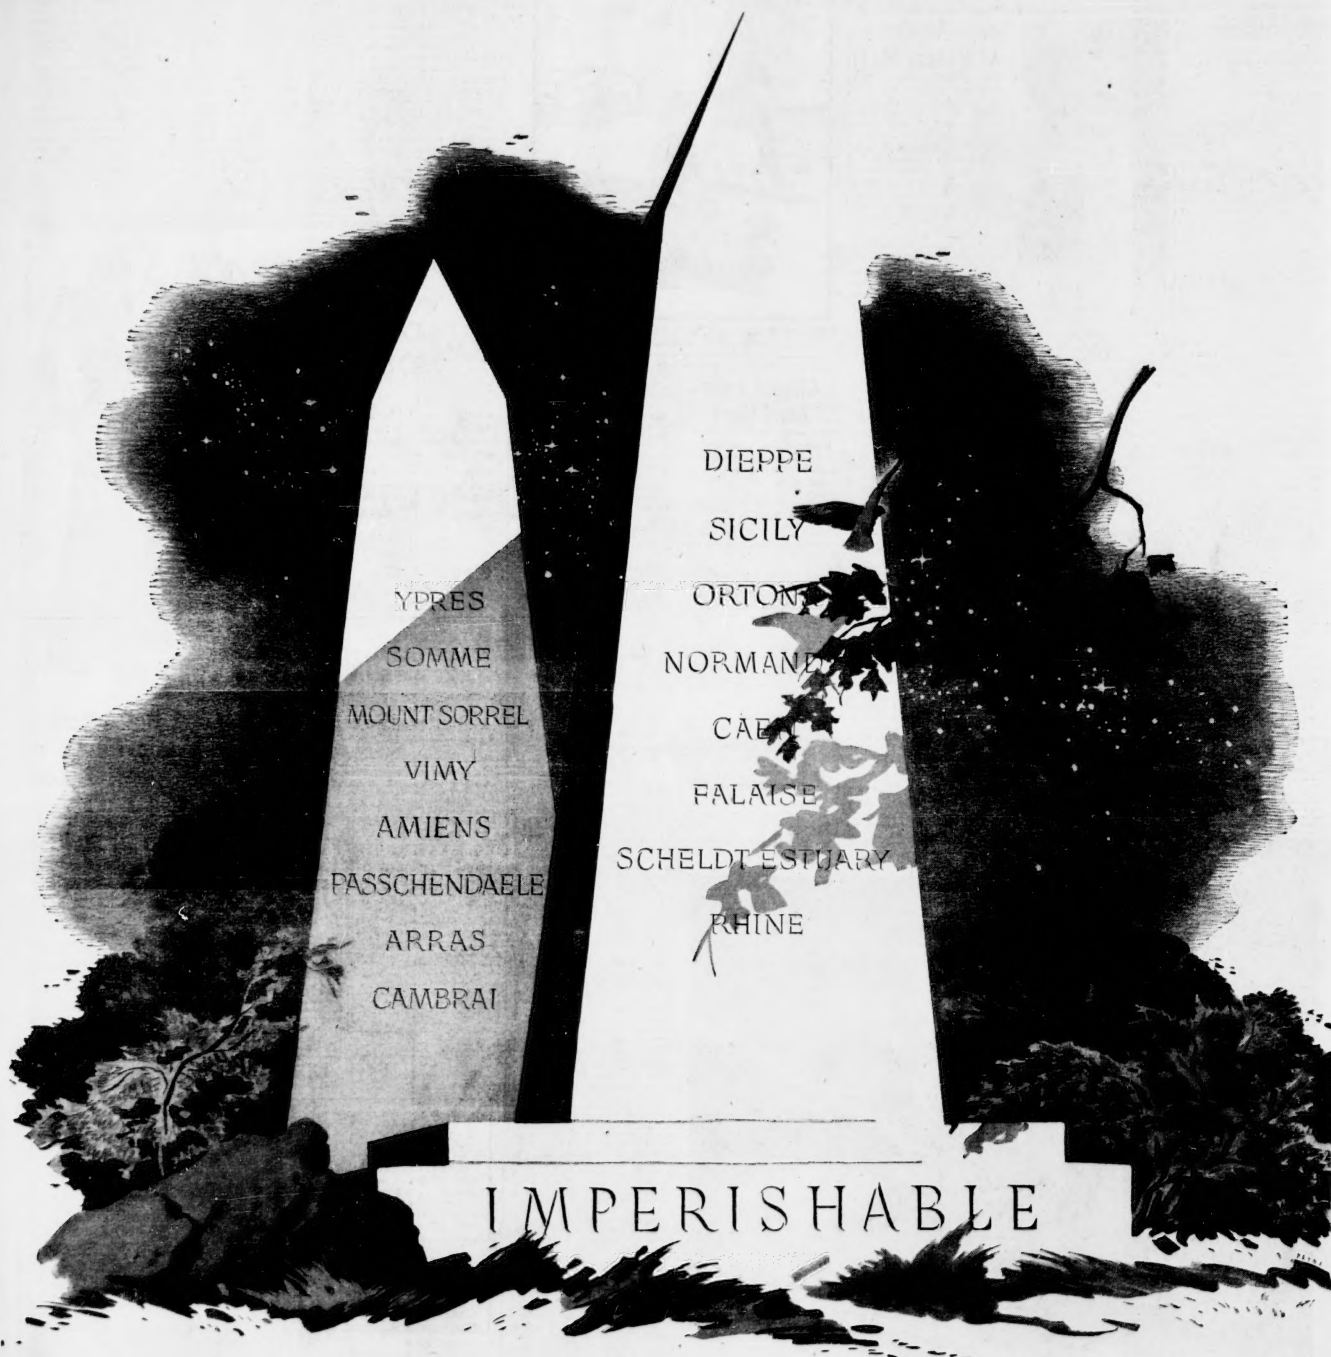

It's much too early to throw up hats in the air and cheer... time enough for that when the Jap is defeated; when those boys and girls in the armed forces who are sacrificing so much... can celebrate complete Victory with us. 'Till then we cannot—we must not let down... And so until final Victory we must all

The Bulletin's SPORT SHOW

by Hal Dean

WITH 10 of last year's regulars and several new recruits out for Wednesday night's premiere at Renfrew Park, Dave Clayton, newly named coach, had a good opportunity to ponder the material situation which confronts the Arrows of the senior ball club. Close to 25 juniors also turned out, a fact which didn't displease manager Bill Bull.

Morley Hamer and Elmer (Lefty) Thomas, two pitching mainstays of the club in 1944, attended the drill and at course their battery mate, Ken Samis, was there, too.

First Basemen Bill Welch, Third Sucker Bob Read, Ed. Gaud, who alternated at first and second, Bill Gault, Bob Weir, Harry Jones and Outfielder Nick Maschewski made up the balance of last year's roster on the job.

Shifted for Himself
Czar Chandler Started Life With Two Strikes on Him

NEW YORK, May 3.—When Larry MacPhail walked into the Cleveland meeting, the new president of the Yankees did not dream that the owner, James G. Thompson, would be seriously for 10 minutes, let alone elect him.

But since his high school days, Harry Chandler has been convinced that he is destined to be a manager, and he is surprisingly landing what amounts to a life job at \$50,000 a year is positive proof of it.

These days it seems that all a man requires to be elected governor of a southern state is a guitar and the ability to play it, but making his way to that office in Kentucky was a bit more difficult, when Chandler was first to do it and at 37 become one of the youngest chief executives of modern times.

In justice to the back-slapping Chandler, who is one of the most southern states, it may be said that he started life with two strikes on him. He fought his way around the bases.

BORN IN KENTUCKY
Like Abraham Lincoln, Chandler was born in Kentucky in comparative poverty in a cabin partly constructed of logs on his father's grubby little farm at Cordons near the mouth of the Wabash River.

The youngster quickly learned to shift for himself, for his parents were divorced when he was eight, and he and his younger brother, Robert, subsequently killed in a fall from a tree, were left with the father.

Blessed with a fine tenor voice, young Chandler early acquired the nickname, Harry, laughing and singing his way through adversity. He carried newspapers almost as quickly as he could walk, lugged the heavy baggage of fat traveling men, singing and laughing as he

Al Gettel Earns 1st Major Win

Johnny Lindor drove home half the Yankees' runs on a first-inning scoring inning, and another in the fourth, sending Gettel and George Stiehr to the lead with what proved to be the decisive rallies.

New York clubbed Rube Chatterbox for his first loss after four straight wins, pushing across three in the first on successive singles by Stiehr, Martin, Russ Derry and Lindor.

Gettel held the A's to two hits in the first seven innings but gave up three runs in the eighth on four hits and two walks.

Believe It Or Not

By Robt. Ripley

NEW YORK, May 3.—(AP)—This dizzy 1945 major league baseball campaign promises plenty of surprises.

The infant season has produced numerous upsets. Chicago White Sox, generally tagged to wind up in seventh or eighth place, won their first game yesterday.

The Detroit Tigers, long expected to be the American League in batting and in total hits. The champion St. Louis Browns, elected by experts as most likely to repeat in the junior circuit, lost five straight, a longer losing streak than at any time in 1944.

Dave Walker, last year's National League batting king, hit a meager .238 in the new season, ending Monday. Bill Nicholson, home run trapper for the senior circuit, lost five straight, a longer losing streak than at any time in 1944.

Probe Is Told Pool Elevators Should Pay Tax

OTTAWA, May 2.—(CP)—The Royal Commission on Co-operatives yesterday heard two briefs supporting the contention of the Northwest Line Elevator Association, made before the commission yesterday, that pool grain elevators should be made subject to the same income and taxes as profit taxes.

R. C. Hesse of Winnipeg yesterday presented a brief for a group of privately-owned companies in the grain exporting business and John L. McDougall, associate professor of commerce at Queen's University, Kingston, Ont., summed up the dealing with the general principles of taxing co-operatives. The exporters' brief dealt particularly with activities of the Saskatchewan pool in the export field. The companies said the pool, which was in direct competition with them, had become one of the largest exporters of Canadian grain, had enjoyed at under advantage in operating under a tax exemption. North a commission created a demonstration against the privately-owned companies.

POOL CREATES RESERVES

"Under present tax laws we can count on nothing better than the mere maintenance of our financial position," the brief said. "The Pool on the other hand is able to accumulate as reserves what it should, and we do pay in taxes."

Mr. McDougall based his argument for the taxation of co-operatives on British precedents, general economic considerations and the general principles of taxation.

"The existing situation of exemption is totally indefensible whether on grounds of justice or of public policy," he said. "Exemption from taxation is not justifiable in the case of co-operatives because, given good management, there is no reason why a co-operative should not be as profitable as any other commercial enterprise. It is common on the whole of Canada that though wheat has given good returns, numerous farmers have failed as a result of the very roots of the independent effort."

Official Says Should Raise Railway Rates

MONTREAL, May 2.—(CP)—C. Coleman, chairman and president, addressing shareholders of Canadian Pacific Railway Company at their annual meeting yesterday, said that "the labor and material costs are to be maintained at anything like the present level, justice will require that Canadian railways be permitted to collect such increases in rates as the board of transport commissioners may find reasonable."

Mr. Coleman said that while the Canadian railway rates are not as high as those in the United States, they are not as low as those in the United Kingdom. Jap Surrender Must Be Total

HELENSBURGH, May 2.—(CP)—The Canadian government today announced that it would not accept a partial Japanese surrender. It said that the Japanese must surrender unconditionally to the United Nations.

HOLD EVERYTHING—He's an admiral, but I hear his wife likes that cup on him!

to admit they have been badly beaten, and surrender would only humiliate them further. We must demand unconditional surrender," he said.

Truman Believes Hitler Is Dead

WASHINGTON, May 2.—(AP)—President Truman said yesterday that he had it on the best authority that Adolf Hitler is dead. The President did not say what his authority was but declared he was convinced that the former German Fuehrer had actually been killed. This was the first official comment.

Canucks in Nearly All Italy Campaign

By The Canadian Press
Unconditional surrender of the Axis forces in Italy means history will record that Canadians fought that unprecedented campaign from its start and almost—but not quite—to its end. The 1st Canadian Corps, withdrawn in February to join the 1st from the White House on a German announcement that Hitler had fallen in battle.

Canadian Army on the western front, marked the final Allied drive which ended in Wednesday's capitulation. The 1st Canadian Division landed July 10, 1943, in the Sicilian invasion which was the prelude to the hard, long advance the whole length of the Italian peninsula, a military achievement unmatched in history. Canadians fought in the battles of the Moro Valley, Ortona, the Gothic, Hitler and Gothic lines and finally around Salerno where they won ground that became the spring board for the climatic 8th Army lunge north over the Po river.

Two Million Tons Bombs on Germany

LONDON, May 2.—(CP)—British and American planes have dropped 2,452,385 tons of explosives on German targets since the start of the war. It was disclosed, and Allied airmen destroyed 40,822 German planes, losing 26,775 of their own. For every ton the Germans buried at Britain by bomber plane or V-bomb they received 315 in return. American bombers operating from Britain, on the continent, and from Italy contributed 1,453-

595 tons of the total, and approximately 1,000,000 tons were dropped by the R.A.F. with which the Canadian bomber group operates. The final score sheet of the air war, which now is all but ended, shows that Allied bomber losses were 34,552, of which 8,551 were British. Of the 10,163 fighters falling to return, 7,146 of them were American.

HBC Plans Grant New Scholarships

LONDON, May 2.—(CP CABLE)—Sir John Vincent Massey, Canadian high commissioner in London, announced yesterday the Hudson's Bay Company will award two scholarships yearly to Canadians to enable them to study economic theory and business practice in Britain and another two to British to enable them to study the same subjects in Canada. Making the announcement in an

address at a luncheon celebrating the 25th anniversary of the Hudson's Bay Company, Mr. Massey said the scholarships would not only forge new links between Canada and the United Kingdom but will bring new resources to bear on some of the most urgent problems of our time.

Albertan Prisoner

WASHINGTON, May 2.—(CP)—Lieut. Lauren L. Dustin is a prisoner of war in Germany, the United States war department announced. His mother, Mrs. Mildred E. Dustin, lives in Del Bonita, Alta.

You Can't Escape the Challenge of His Eyes

His eyes have seen things he can never forget.

And that same challenging look is in the eyes of thousands and thousands of young men who know the fury, the suffering, and the sacrifice of war.

These men of Canada . . . pilots, navigators, bombardiers, gunners and ground crew . . . have written the initials "R.C.A.F." indelibly across the pages of history.

But they are first to admit they are only part of a winning team. There's the Navy . . . the Army . . . the women in all services.

And to hasten final victory, that team needs the help of every man and woman at home to provide and build the weapons of war.

That is why he is looking to you to continue to help . . . by investing to your utmost in Victory Bonds.

Look deep into his eyes . . . and you will not fail to meet his challenge.

Verify Report Himmler Offer Nazi Surrender

WASHINGTON, May 3.—(AP)—

The United States acting secretary of state, Joseph C. Grew, yesterday verified reports that Heinrich Himmler had offered a German surrender.

Mr. Grew made it clear Himmler's surrender offer did not extend to Russia, and hence was not accepted by the United States and Britain.

In fact Himmler said, Mr. Grew declared, that he hoped to be able to continue to fight on the eastern front. Mr. Himmler stipulated that his offer was for the Western Allies only. Himmler wanted to meet Gen. Eisenhower to surrender the whole western front.

The first offer by the Nazi German chief was made the night of April 24 through Swedish Foreign Minister Gullberg.

BERNADOTTE GO-BETWEEN
Count Folke Bernadotte, head of the Swedish Red Cross, acted as intermediary.

Mr. Grew gave this chronological account of the Himmler offer in order, he said, to set the record straight:

At 11 o'clock on the night of April 26, the American minister to Sweden, Herschel V. Johnson, and the British minister, Victor Mallett, were summoned by the Swedish foreign minister, Christian Gunther, and advised of Himmler's offer to surrender.

That night Mr. Johnson called the state department. Count Bernadotte met Himmler at Lulea, Germany, at 1 o'clock on the morning of April 24 at Himmler's request.

INCLUDED SCANDINAVIA
Count Bernadotte asked if Norway and Denmark were included in the surrender offer and Himmler agreed to include them in the surrender offer.

On the afternoon of April 26 a meeting was held at the Pentagon building in Washington attended by President Truman, his chief of staff, and Mr. Grew.

Mr. Truman communicated with Prime Minister Churchill, who turned the matter through the army's overseas communications facilities and they agreed upon messages to Premier Stalin.

President Truman summarized the Himmler offer in his message to Premier Stalin and stated the British and United States governments proposed to reject it and to tell Himmler that the only acceptable offer would be unconditional surrender to the United States, Great Britain and the Soviet Union.

The next morning, April 26, the chief of defense, General Donovan, presented Premier Stalin's reply to Mr. Grew, thanking the President for the information and agreeing to the proposed message to Himmler.

TELEGRAPHED REPLY
At 1 o'clock that afternoon Mr. Truman telegraphed the American minister in Stockholm advising the minister that the only acceptable surrender would be unconditional to all three Allied governments in all fronts.

The message said German forces should surrender to local commanders in the field and that where resistance continued Allied armies would press the attack.

The next afternoon, April 27, Count Bernadotte had left the morning for Finland to take the message to Himmler. Finland is in Germany just south of the Danish frontier.

Last night Stockholm reported that Count Bernadotte had returned there but that no reply had been received from Himmler.

"That," said Mr. Grew, "is a complete chronology. It's the whole story, day by day, hour by hour."

The initial message from Stockholm to the state department revealed that General Schellenberg, Himmler's confidential staff officer, had said Hitler was suffering from brain hemorrhage, but did not indicate the Führer's whereabouts.

Bombard Andamans
SAN FRANCISCO, May 3.—(AP)—Radio Tokyo, in an unverified broadcast, reported an enemy task force, including two aircraft carriers and two battleships, is in the Andaman Islands, Indian ocean, early yesterday.

PRINCESS ALICE, who has always taken a deep interest in war and social welfare work, on Wednesday visited the Red Cross surgical dressing branch in the Hudson's Bay Company store, and inspected a group of graduate nurses, some of whom served overseas in the First Great War, making dressings for shipment to the armed forces of the Allied Nations.

Mrs. E. McManus is in charge of the branch, which formed early in 1940, has met its monthly quota of 9,000 dressings ever since, and has won recognition for supplying the best work of any similar branch in the Dominion.

In the upper picture, Princess Alice is watching Miss Olive Rose, daughter of a well known pioneer city family, and an overseas nurse in the First Great War, work on dressings. The lower picture shows a group of workers. They are: Seated, left to right—Miss E. Robinson, Mrs. J. S. Smith, Miss C. E. Anderson, Mrs. C. E. McManus, Mrs. Robert Procter, vice-chairman of war work for Alberta Division; Mrs. C. H. Gerow, others standing, left to right—Miss Florence Smith, Miss H. Mellis, Mrs. C. L. Race, Mrs. F. R. Burfield, Mrs. W. Eadie, Mrs. A. Morris, Mrs. J. Oliver, Mrs. C. G. Geggie, Mrs. M. McKee, Mrs. T. C. Rankin, Mrs. G. D. Alair.

Her body was found by Mrs. Sam Robinson and her daughter, Mrs. Robinson said she and her daughter were awakened when they heard a woman scream "Help! help! help!" They dressed and went down to the beach.

Mr. Robinson said they found the body a few minutes after they went and talked with a Canadian soldier who "got up from behind some logs on the beach." The man, said he had heard no screams and then walked hastily away.

Miss Hayek's body was found floating face downward in the water two feet from the shore. A purse believed to belong to her was found three blocks away. It contained a "registration card" but the card was illegible. Police said it is believed the card was issued at a small town in the Peace River area.

Thirty feet along the beach from the body were a lipstick, a bottle of perfume and a sealed envelope, one of which was a wallet containing \$40.

It is believed the girl was beaten with a 3/4 inch length of chain drive. Police said there were "red marks" on the woman's uniform when she was arrested, that his shoes showed signs of having been in water and sand was found clinging to his boots and trouser cuffs.

Foreign Minister Georges Bidault said France was agreeable to establishment of a chain of internationalized, neutralized bases but that she won't put Indo-China or such of her Pacific islands as New Caledonia and Noumea under international guardianship.

On the question of bases, several members of the United States delegation are insisting that any islands captured from Japan remain under United States control.

At a news conference, Mr. Bidault proposed international control of the Ruhr, once the heart of Germany's war production mechanism, be called for closing Rhine invasion routes for all time.

TO FIND COMMON GROUND
With some areas will be in the path of the conference, Archibald Harland, assistant secretary of state, predicted that the four sponsoring powers—Russia, China, Britain and the United States—will find a common ground of agreement.

U.S. Wants Argentine Prove Status as "Good Neighbor"

By DOUGLAS B. CORNELL
SAN FRANCISCO, May 3.—(AP)—Reports that some Latin America countries desire to give Argentina an official post in the United Nations Security Conference last night, into opposition from the United States.

United States delegates, it was learned, have taken the stand that Argentina, a late entry into the war, ought to prove she can be a "good neighbor" before she gets anything beyond admission to the conference.

The U.S. stand became evident in a statement by supporting voting formula which would prevent a bloc of 21 American republics (including Argentina) from sweeping decisions.

The Big Three leaders—Foreign Secretary Eden, State Secretary Stettinius and Soviet Commissar Molotov—met for two hours yesterday and it was reported that voting procedure was one of the problems discussed.

While delegates listened to a last round of formal speeches in the Opera House before tackling the real work of cutting a pattern for a peaceful world, there were these additional developments:

REQUEST FOR LABOR
Harold K. Stassen, United States delegate, gave emphasis to an unresolved problem by declaring it "obvious" that the United States must control strategic island bases seized from Japan. He said a "common sense trusteeship" would be justified.

But it is up to the conference itself to determine what type or types of international trusteeship should be established over key Pacific islands and other areas of the world.

The disagreement between Russia on one side and Britain and America on the other over a new type of government may be carried to Moscow. Departure of M. Molotov is a matter of days. The British and American ambassadors to the Soviet Union also are due to return.

Renew efforts to solve the Polish problem.

U.S. Wants Argentine Prove Status as "Good Neighbor"

SAN FRANCISCO, May 3.—(AP)—Reports that some Latin America countries desire to give Argentina an official post in the United Nations Security Conference last night, into opposition from the United States.

United States delegates, it was learned, have taken the stand that Argentina, a late entry into the war, ought to prove she can be a "good neighbor" before she gets anything beyond admission to the conference.

The U.S. stand became evident in a statement by supporting voting formula which would prevent a bloc of 21 American republics (including Argentina) from sweeping decisions.

The Big Three leaders—Foreign Secretary Eden, State Secretary Stettinius and Soviet Commissar Molotov—met for two hours yesterday and it was reported that voting procedure was one of the problems discussed.

While delegates listened to a last round of formal speeches in the Opera House before tackling the real work of cutting a pattern for a peaceful world, there were these additional developments:
